CLAT EXAM PREPARATION TIPS

CHART A STUDY PLAN

- **Follow Test Pattern**
- Know the pattern of the examination and marking scheme.

- **Study the Entire Syllabus**
- Cover essential parts of the syllabus. Do not leave out anything just because you do not like that portion.

- **Practice Mock Tests**
- Mock tests are important in determining your success in exams. Your performance in mock tests indicates your performance in the real test.

- **Pay Attention to all sections**
- Do not ignore sections you do not consider important. Attention must be paid to all sections of the syllabus.

- **Prepare study Notes**
- Prepare notes and jot down important points from what you study. It is easy to study from your own notes rather than from books. These notes will benefit you in the last 30 days of CLAT Preparation.

- **Discuss with Friends and Teachers**
- Discuss the syllabus and notes with friends and teachers. It helps you widen your circle of friends.

- **Think Positive**
- Learn to think positive and stay positive. Remove negative thoughts from your mind by pursuing things that interest you a lot. Let us now formulate a general strategy for each section of CLAT 2022 – 23 as this will enable candidates to have a better understanding of how to approach the CLAT examination.

ENGLISH PREPARATION TIPS FOR CLAT 2022 – 23

- **Proficiency in English**
- The English language cannot be mastered in a short span of time. You need to read and write a lot to improve your expression. English is a key area. Most laws are available in English and understanding of law demands a high-level proficiency in English.

- **Extensive Reading**
- Read more to improve the language. Read books, magazines, journals, newspapers, and novels to enhance your word power and make your expression lucid.

- **Study Grammar**
- Pore over the basics of grammar and this can be done by following school level grammar textbooks to strengthen your foundation. You need to get your grammar correct. Rectify the errors to secure a good rank in CLAT 2022 – 23.

- **Read The Editorial Page**
- The impeccable English used in newspaper editorials and opinion columns improves your English. A number of esteemed publications can help in your CLAT 2022 – 23 of journey.

MATHEMATICS PREPARATION TIPS FOR CLAT 2022 – 23

For law aspirants, mathematics is not a big deal as it requires school level competency. Follow NCERT Mathematics matriculation level textbooks. There are various school level topics in mathematics that need your attention. Keep in mind that the mathematics is not as tough as preparing for engineering entrance tests. Rewind and revisit your school textbooks. It could stir nostalgia.

TIPS FOR LEGAL APTITUDE FOR CLAT 2022 – 23

- Legal aptitude is the most vital section of CLAT 2022 – 23. Important book references are Constitution of India and Legal Penal Code. Refer to books like “Most commonly used legal terms” and “legal glossary terms”. It is important to grasp legal terms and most commonly used terms. It is necessary to read law magazines and journals and have a clear legal perspective on issues or have the more legal opinion on issues that matter.
- This section tests the candidate’s interest in the study of law, research aptitude and problem-solving ability. Questions are framed with the help of legal propositions (described in the paper), and a set of facts to which the said proposition has to be applied. Candidates need to assume the “truth” of these propositions and answer the questions. This part comprises 4 major topics – Law of Contract, Law of Torts, Criminal Law, and Indian Constitution.

LOGICAL REASONING PREPARATION TIPS FOR CLAT 2022 – 23

- Puzzles, Seating Arrangement, Logical Sequences, Number Test, Verbal Reasoning, Family/Blood Relation, Ranking and Order, Coding-Decoding, Syllogisms, Statement Conclusion/Assumption, Pairing, Data Interpretation, Inference-based question, Calendar, Directions, Para-jumbles.
- **Classification:** Absolutely easy to solve.
- **Arrange words in logical order:** Candidates get this right if they know ABCD alphabets well. This is mere sequential arrangement – possible with good observation.
- **Syllogism:** Draw Venn Diagrams to stave off confusion. Sometimes questions are tricky and need meticulous reading.
- **Verbal Analogies:** A rich vocabulary will help to solve this section. Establish the relationship between the two words.
- **Analysis Judgment:** This requires critical thinking and also takes a lot of time to solve. Questions include blood relation, direction, height and sequence. Good practice enables you to solve this fast.
- **Numerical Operations:** Section is easy when you are well versed with the formulae.
